Let Freeman OnLine® estimate your material handling charges for you. Log on to www.freemanco.com/store, select your show and click on "Estimate My Material Handling Costs". From Freeman OnLine® you can print extra shipping labels, get tips on how to package your freight and much more.

MATERIAL HANDLING SERVICES

- Crated:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- Special Handling:** Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS, Airborne Express & DHL** are included in this category due to their delivery procedures. (See definitions on back)
- Uncrated:** Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

All electrical components provided by outside vendors are considered freight and may be subject to material handling charges.
NOTE: Straight Time, Overtime and Double Time rates apply per Illinois Law. Please reference Page 3 of the Freeman Quick Facts for the ST, OT & DT times and your designated Straight Time Window. Contact Freeman Exhibitor Services at (773) 473-7080 for details

OVERTIME CHARGES

There will be no overtime charges assessed on inbound or outbound shipments.

Description	Price per CWT	200 lbs. Minimum
-------------	---------------	------------------

RATE CLASSIFICATIONS:

Warehouse Shipment Delivered on or before MAY 10, 2011 (200 lb. minimum)

Crated or Skidded Shipment	\$ 98.50	\$ 197.00
Special Handling Shipment	\$ 128.05	\$ 256.10

Showsite Shipment delivered only on ASSIGNED TARGET DATE/TIME (200 lb. minimum)

Crated or Skidded Shipment	\$ 88.50	\$ 177.00
Special Handling Shipment	\$ 115.05	\$ 230.10
Uncrated or Pad Wrapped Shipment	\$ 132.75	\$ 265.50

Small Package - Maximum weight is 30 lbs. per shipment* \$ 40.50

* A small package shipment is a shipment totaling any number of pieces with a combined weight not to exceed 30 lbs. that is received on the same day, from the same shipper and delivered by the same carrier.

ADDITIONAL SURCHARGES:

Shipment Delivered after Deadline Date (in addition to above rates)

Warehouse Shipment after MAY 10, 2011	\$ 24.65	\$ 49.30
Showsite Shipment after Show Opening	\$ 22.15	\$ 44.30

Off-Target Charge (in addition to above rates)

Crated or Skidded Shipment	\$ 22.15	\$ 44.30
Special Handling Shipment	\$ 28.75	\$ 57.50
Uncrated or Pad Wrapped Shipment	\$ 33.20	\$ 66.40

Surcharges	÷ 100 =			

Tips to Save on Material Handling

- Consolidate shipments - when total weight is less than 200 lbs. For Example:
3 Separate Shipments
60 lbs. charged @ 200 lbs. \$ 197.00
52 lbs. charged @ 200 lbs. \$ 197.00
65 lbs. charged @ 200 lbs. \$ 197.00 = \$591.00

- 1 Consolidated Shipment
3 pieces (1 shipment)
177 lbs. charged @ 200 lbs = \$ 197.00

Added benefit - your shipments are less likely to get misplaced if they are packaged together with larger items.

Tax	N/A

FREEMAN material handling

SPECIAL HANDLING DEFINITIONS

For frequently asked questions and material handling estimator tools, go to www.myfreemanonline.com

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

What is Constricted Space Loading/Unloading?

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have "No Documentation"?

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS, DHL & Airborne Express) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

What about carpet only shipments?

Shipments that consist of carpet and/or carpet padding only require special handling because of additional labor and equipment to unload.

What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting bars and hooks.
